In early 1948, in the aftermath of World War II, and in the hustle and bustle of the “gold mining camp” that was Johannesburg, two brothers started up the “Consumer and Domestic Appliance Company”. This became CADAC! Their ambition was to make products for the burgeoning consumers of the 50s. Soon they were making “cooking, heating and lighting” products fired from LP gas and this soon developed into barbecues. Our traditions were the great outdoors, and to braai. This was Cadac then, and this is also Cadac today.

The origins of the word “braai” is Afrikaans for “barbecue” or “grill”, originating from the early Dutch settlers who settled in Cape Town a few centuries ago. Now it is more than an expression of the way of cooking. It is a social custom. It is fun, it is entertainment, it is always social, it is outdoors, it is music and time to be happy and time to enjoy people, food and good times. Come over for a braai, let’s have a braai, lekker-braai, is the way of life.
RETAIL COOPERATION

DRIVING YOUR BUSINESS

With year round contact, **CADAC** support is dual-faceted; aiming to inspire **CADAC** owners across the length and breadth of the country and to achieve lasting relationships with our retailers.

**WHY CADAC?**

- **CADAC** is now recognised as the barbecue “Brand of Choice” in the leisure sector
- **CADAC** offer a comprehensive range of quality, competitively priced barbecues
- **CADAC** offer a fantastic range of modular tops and general accessories
- The **CADAC** consumer is loyal and motivated
- **CADAC** barbecues receive 5 star online product reviews
- **CADAC** offer UK based warranty support, being prepared to “adopt” the customer

**CADAC enhance the in-store consumer experience by offering the retailer;**

- Extensive, impactful Point of Sale support
- Exciting, personalised in-store staff training and merchandising support
- Conveniently located regional demonstration events, a “user” is a confident salesperson
- Retailer demo days at your own promotional events

**CADAC drive consumer sales, **CADAC** will sell the lifestyle in 2019.**

- With an active social media programme, including recipe sharing
- With an extensive consumer show retail partnership programme extending our reach
- With sponsorship agreements e.g. The Camping & Caravan Club and The **CADAC** Cook Off
- **CADAC** Braai ambassadors
- Competitions in the core market press and our own social media

**In 2019 **CADAC** will create a network of Premier Stores.**

- Dedicated knowledgeable staff
- Full range offer

EXTENSIVE POS SYSTEMS
CADAC’S BIG FIVE

South Africa is known for its Big Five animals. With our South African roots and almost 70 years of ‘braai experience’, we proudly introduce our own Big Five!

Cadac patio barbecues have been designed with you in mind. The Easy Clean System ensures you can spend less time cleaning and more time cooking!

An angled removable drip tray facilitates the draining of grease and water into an easily accessible drip cup.

The non-stick, vitreous enamel BBQ grids and flame tamers can be removed and cleaned with ease, simply wipe down with warm soapy water or pop straight into the dishwasher!

Thanks to their cleverly engineered design, Cadac barbecues can be built in just 45 minutes!

Assembly is quick and simple due to pre-assembled parts reducing the number of components and a clear concise build manual.

One barbecue, endless possibilities!

The Cadac range of interchangeable modular surfaces includes: baking stones, warmer pans, reversible grills, teppanyaki plates, hot plates and rotisseries.

This wide range of modular cooking tops are all effortlessly interchanged with the BBQ grids.

The Cadac Modular System breaks the traditional boundaries of conventional outdoor dining.

Made from an organic ceramic, the Green Grill coating is environmentally friendly and non-toxic. Improved durability, scratch resistance and coating hardness separates the Green Grill from traditional non-stick coatings without compromising on the ease of cleaning.

Cadac patio barbecues exclusively house the leading grill technology; the ThermoGrill.

The ThermoGrill improves the quality of your cooking. Trapping and distributing heat evenly across the cooking surface; heating up quicker than cast iron and offers more responsive temperature control.
Why Ceramic?

At CADAC we live for the outdoors; and we want to ensure that future generations can enjoy it as much as we do. Hence, as of 2017, we have only sold and manufactured eco-friendly ceramic coated grill plates. But what is it that makes ceramic better?

- **No toxins** – During its manufacturing and use, traditional PTFE coated surfaces release harmful toxins. Ceramic coated surfaces release none. Our plates can be used and manufactured without ever releasing a single toxin; making it safe for everyone from the factory to the home.

- **Conductivity** – A ceramic plate conducts heat far more efficiently than its PTFE counterpart meaning; no more than three minutes preheating, quicker cooking times and most importantly – less gas consumption!

- **Uncompromising Non-stick** – Need we say anymore?!

- **Easy clean** – Warm soapy water and a soft cloth will do just fine. Or, just pop it in the dishwasher.

- **Eco-friendly** – Not only does ceramic use zero toxic substances, the manufacturing process also uses much less energy therefore slashing the amount CO2 produced in half.
Whether entertaining family and friends or grilling a quick meal, cooking outside is a must and CADAC offer a comprehensive range of stylish patio barbecues that cater for any need.

CADAC patio barbecues come in an array of sizes; built-in or free-standing models that are easy to build, use and clean.

“An amazing barbecue; simple and easy to assemble and clean. The rotisserie is a really good feature and simple to use, you can plug it in or use batteries. Easy cleaning and minimal maintenance. I use mine 3-6 times a week and it has not let me down, even during the winter months!”

“We love our CADAC Meridian Woody! It’s hands down the best purchase that we have made for the garden in the past few years. We use it most weeks, especially in summer. The interchangeable surfaces allow you to cook almost anything.”
CADAC believes that a quality product should be driven by a quality team. If, in the unlikely event that a customer finds manufacturing fault with their CADAC, our knowledgable UK based warranty team is readily available and happy to help.

For all customer queries our warranty team is at hand via email; warranty@cadacuk.com where our team will ‘adopt the customer’, dealing directly. The warranty team have years of product knowledge and technical experience with CADAC barbecues to draw upon.

In ‘adopting the customer’, our warranty team can educate the user, ensuring any consumer misuse issues are not repeated.

To make a claim, please email warranty@cadacuk.com where a claim form and procedures will be provided and informed. CADAC never replace the whole item when part/s replacement is appropriate and would implore retailers not to issue spare part replacement from store stock.

CADAC patio barbecues come with a 5 year manufacturers’ limited warranty; and CADAC patio accessories come with a 1 year limited warranty from the original purchase date.
Introducing the all-rounder; the **Meridian Woody** has all of your barbecuing needs covered. Whether it’s for entertaining the family or the entire neighbourhood, the **Meridian** has it sorted. Fire up the grills, cool down the drinks and send out the invites. The Meridian’s sleek design places it comfortably at home in any garden. Maintaining all of the benefits that **CADAC** has to offer; **Easy Wash and Clean, Modular Surfaces, Thermogrill** and exceptional build quality. The **Woody** stylishly couples exceptional cooking performance with tradition; paying homage to barbecuing heritage with a, sustainably sourced, **South African Rhino Wood** clad cart. Offering unique style and exceptional durability.

### Features

1. **Sleek European Design** - Stainless steel, double skinned, lid sitting flush with the back once upright, with central precise thermometer. Beneath the lid sits the porcelain enamelled Thermogrills; true to **CADAC’s Easy-Clean** promise whilst achieving even heat distribution.

2. **Side Burner** - 28 cm side burner providing hob cooking at your barbecue; perfect for cooking side dishes or stir-fries.

3. **Powerful Three Burners** - The powerful three burner **Woody** provides ample cooking area. Piezo ignition is automatic and the control knobs allow for perfect cooking temperatures every time.

4. **Hidden Gas Cylinder Storage** - Accessible at the back, this cleverly hidden gas cylinder storage maintains sleek design.

5. **Rhino Wood Elements** - **Rhino Wood** is the environmental, social and economical solution to the long-term future of wood.

6. **Handy Storage Shelf** - Maintaining a sleek design whilst providing useful storage space.

7. **Fat Cup and Porcelain Enamelled Fat Tray** - True to **CADAC’s Easy-Clean** promise, both elements will simply wipe clean, catching all fat and grease during cooking.
Invest in a Meridian Woody and in turn invest in your future. Rhino Wood, originating from South African pine, encases our Meridian Woody, creating a unique and stylish addition to the CADAC range. An environmental, social and economical solution to the long-term future of wood and its application in our world.

- **Low Maintenance** - Vacuum-impregnated with wax; no regular maintenance.

- **Robust** - Competes with most tropical hardwoods in strength, surface hardness and density.

- **Durable** - Reduced water absorption rate, higher resistance against rot and decay.

- **Non-Toxic** - Treated with all natural substances. No toxic substances are used in production.

- **Sustainability** - Responsibly sourced from specially planted trees; abiding by FSC guidelines.
Introducing the all-rounder; the Meridian Range has all of your barbecuing needs covered. Whether it’s for entertaining the family or the entire neighbourhood, the Meridian has it sorted. Fire up the grills, cool down the drinks and send out the invites. The Meridian’s sleek design places it comfortably at home on any patio. Maintaining all of the benefits that CADAC has to offer; Easy Wash and Clean, Modular Surfaces, Thermogrill and exceptional build quality. Available in a range of finishes and sizes, from three to four burners.

**Features**

1. **Sleek European Design** - Stainless steel, double skinned, lid sitting flush with the back once upright, with central precise thermometer. Beneath the lid sits the porcelain enamelled Thermogrills; true to CADAC’s Easy-Clean promise whilst achieving even heat distribution.

2. **Folding Side Table** - Handy side table allows for extra room to place condiments when cooking. Folds down neatly when not in use.

3. **Side Burner** - 28 cm side burner providing hob cooking at your barbecue; perfect for cooking side dishes or stir-fries.

4. **Three and Four Burner** - Ranging in size from three to four burners, accommodating your barbecuing needs. The piezo ignition is automatic and the control knobs allow for perfect cooking temperatures every time.

5. **Discrete Gas Cylinder Storage** - Double skinned doors with the ability to discretely store a 5kg patio gas cylinder within the cabinet. A Clip on regulator is included.

6. **Fat Cup and Porcelain Enamelled Fat Tray** - True to CADAC’s Easy-Clean promise, both elements will simply wipe clean, catching all fat and grease during cooking.

- **SRP (Inc. VAT):** £35.00

Perfect for cooking pizza, pitas or focaccia. The 1cm thick ceramic Baking Stone can withstand temperatures of up to 500°C.
CITI CHEF 50

AWARD WINNING STYLE; UNCOMPROMISING POWER.

With apartment living, and home entertaining, on the rise, the CADAC Citi Chef 50 is the perfect gas barbecue for any balcony, patio or terrace where space is at a premium. Modular system compatible, the cooking options are endless; create a paella, grill, barbecue, bake or roast with confidence, swapping surfaces couldn't be easier if we tried!

Supplied with a simple but effective bib cover, the Citi Chef provides discrete gas storage and four lockable castors that make manoeuvring the barbecue a breeze.

With a GreenGrill ceramic grill, porcelain enamelled fat pan and removable fat catcher, cleaning is both simple and speedy.

**Features**

1. **Modularity** - CADAC have incorporated modularity into the Citi Chef 50, broadening your cooking options once again; create a paella, grill, barbecue, bake or roast with confidence, swapping surfaces couldn’t be easier.

2. **Porcelain Enamelled Fat Pan and Removable Fat Cup** - True to CADAC’s Easy-Clean promise, the porcelain enamelled, built-in fat pan will simply wipe clean, the hidden fat cup catches all surplus fat and grease.

3. **Removable Side Tables** - Stylish bamboo wood side tables giving space for preparation and condiments.

4. **High Performance Burner** - Large, powerful, high performance stainless steel burner. The piezo ignition is automatic and the control knob allows for perfect temperature control.

5. **Modern Design** - Dome handled lid with precise thermometer, the dome lid neatly sits on the back of the barbecue, acting as a wind protector. Beneath the lid sits the ceramic coated GreenGrill barbecue top with underside flame deflector delivering even heat distribution and quick heat up time.

6. **Discrete Gas Cylinder Storage** - Sleek elongated body discretely hides the gas cylinder inside, with rear access.

CITI CHEF 40
FOR URBAN LIVING.

With apartment living, and home entertaining, on the rise, the CADAC Citi Chef 40 is the perfect table-top gas barbecue for any balcony, patio or terrace where space is at a premium. Modular system compatible, the cooking options are endless; create a paella, grill, barbecue or bake with confidence, swapping surfaces couldn’t be easier if we tried!

This table-top unit may appear pocket sized but do not be fooled, this compact gas barbecue will bring out the gourmet in you!

Features

1. **Modern Design** - Dome handled lid with precise thermometer, the dome lid neatly sits on the back of the barbecue, acting as a wind protector. Beneath the lid sits the ceramic coated GreenGrill barbecue top with underside flame deflector delivering even heat distribution and quick heat up time.

2. **Modularity** - CADAC have incorporated modularity into the Citi Chef 40, broadening your cooking options once again; create a paella, grill, barbecue, bake or roast with confidence, swapping surfaces couldn’t be easier.

3. **Four Stable Legs** - Including rubber feet to prevent slipping whilst acting as a table-top BBQ.

4. **Porcelain Enamelled Fat Pan** - True to CADAC’s Easy-Clean promise, porcelain enamelled, removable fat pan; will simply wipe clean, catching all surplus fat and grease.

5. **Single High Performance Burner** - Large, powerful, single high performance stainless steel burner. The automatic piezo ignition is automatic and the control knobs allow for perfect temperature maintenance.

CHARCOAL RANGE

MASTER THE ART OF CHARCOAL

The sound of crackling charcoal, the aroma of burning embers; this is what CADAC’s charcoal range is all about. With simple and effective air control and their superior spec, the Charcoal Pro 57cm and the Charcoal Mate 57cm have been designed with the very heart of charcoal barbecuing in mind. As with all things CADAC, the charcoal range is easy to assemble, use, clean and stow.

<table>
<thead>
<tr>
<th>Charcoal Pro Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Metal Drip Tray - Dual function metal drip tray with charcoal separation basket. CADAC stay true to our Easy-to-Clean promise. This metal drip tray catches any excess fat and grease that may happen to fall through but can also be used as a cooking tray, perfect for baking.</td>
</tr>
<tr>
<td>2 Twin Air Vent Control - Allowing for greater control over the charcoal temperature, these high quality, easily adjustable air vent controls ensure perfect charcoal cooking.</td>
</tr>
<tr>
<td>3 Dome Lid and Thermometer - Porcelain enamelled dome lid with precise thermometer and stay-cool handle. Sitting beneath the dome lid is a heavy duty 57cm, similarly porcelain enamel, cooking grid.</td>
</tr>
<tr>
<td>4 Tool Holder - Ensuring the barbecue utensils that you require are close at hand when cooking.</td>
</tr>
<tr>
<td>5 Air Inlet Control and Ash Collector - The three stage adjustable height ash collector also controls air intake. Down to enhance the flame, up to dampen the flame.</td>
</tr>
<tr>
<td>6 84cm Ergonomic Cooking Height - Coupled with 4 fixed anodised aluminium legs allows for a sturdy, stable and safe</td>

ESSENTIAL ACCESSORIES

A WORKMAN IS ONLY AS GOOD AS HIS TOOLS

Just as an artist only being as good as his brushes, barbecuing is indeed an art. CADAC recognises this and has established a wide range of BBQ accessories to compliment their famous Modular Systems. The art of barbecuing is more than cooking sausages on a grill, barbecuing is a way of life and CADAC provides all the necessary tools for you to Live the Braai Life.

1. **Smoker Box** - Introducing the Smoker Box. Cook meat and achieve that deep smokey flavour you would expect from a real wood fired grill; the same, if not better results with a fraction of the effort.

2. **iBraai** - Meet CADACs all new bluetooth thermometer, the iBraai. This bit of smart tech takes the guess work out of grilling by allowing you to set temperature alarms so you never over-do those steaks again! What is more, its all controlled through your smartphone., upload photos straight to your social media, the iBraai is something all barbecuers need for 2019.
ESSENTIAL ACCESSORIES
